

Pitch and Notes

Key Concepts:

- Pitch
- Notes
- Western music
- Sharps
- Flats
- Semitone

Important Definitions:

- Pitch: the perceived frequency of a sound
- Notes: represented by the letters A through G
- Sharp: raises a pitch, denoted as #
- Flat: lowers a pitch, denoted as b

Examples:

- C# is a note that is one semitone higher than C
- Bb is one semitone lower than B

Summary:

Pitch and notes are fundamental elements of music, with pitches organized into a series of notes and altered by sharps and flats.
